Summary: Please help me find name of story

Help find EB story

Please help me find the name of this Edward/Bella story. Bella likes to be abused. She tells Edward to hit her and he does. On one part Bella and Edward are riding a 4-wheeler in the woods to meet James for drugs. James hits Bella and Edward doesn't try to stop him. James is going to rape Bella but doesn't. I think E/B use to be friends.
